1 Transitional Housing

You will be amazed at the stories of resilience we hear every day from sisters rebuilding their lives after hardship. Often, they are escaping abuse and neglect. Our transitional shelters in New York, Texas, Florida, Kansas, California, Louisiana, Arizona, Michigan and Georgia are safe havens for homeless women where they develop skills to become self-sufficient. Case managers assist these women as they heal and progress. By the will of Allah and your donations, new shelters in Illinois and Massachusetts will be available by the end of this year.
